| Beschreibung                      | IC MCU 8BIT 64KB FLASH 28QFN                  |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 305 pcs Stock                                 |
| Spannung - Versorgung (Vcc / Vdd) | 2.3 V ~ 5.5 V                                 |
| Supplier Device-Gehäuse           | 28-QFN (6x6)                                  |
| Geschwindigkeit                   | 48MHz                                         |
| Serie                             | PIC® XLP™ 18K                                 |
| RAM-Größe                         | 3.8K x 8                                      |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 64KB (32K x 16)                               |
| Peripherals                       | Brown-out Detect/Reset, HLVD, POR, PWM, WDT   |
| Verpackung                        | Tube                                          |
| Verpackung / Gehäuse              | 28-VQFN Exposed Pad                           |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 125°C (TA)                            |
| Anzahl der E / A                  | 24                                            |
| EEPROM Größe                      | 1K x 8                                        |
| Datenwandler                      | A/D 19x10b                                    |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | I²C, SPI, UART/USART                          |
|                                   |                                               |
