|----------------------------------------|-------------------------------------------------------|
| Artikelnummer                          | LM2902DTB                                             |
| Hersteller                             | AMI Semiconductor / ON Semiconductor                  |
| Beschreibung                           | IC OPAMP GP 1MHZ 14TSSOP                              |
| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Verstärker - |
| Teilstatus                             | 24212 pcs Stock                                       |
| Spannungsversorgung, Single / Dual (±) | 3 V ~ 32 V, ±1.5 V ~ 16 V                             |
| Spannung - Eingangs-Offset             | 2mV                                                   |
| Supplier Device-Gehäuse                | 14-TSSOP                                              |
| Slew Rate                              | 0.6 V/µs                                              |
| Serie                                  | -                                                     |
| Verpackung                             | Tube                                                  |
| Verpackung / Gehäuse                   | 14-TSSOP (0.173", 4.40mm Width)                       |
| Ausgabetyp                             | -                                                     |
| Betriebstemperatur                     | -40°C ~ 105°C                                         |
| Zahl der Schaltkreise                  | 4                                                     |
| Befestigungsart                        | Surface Mount                                         |
| Verstärkungsbandbreitenprodukt         | 1MHz                                                  |
| Strom - Versorgung                     | 1.4mA                                                 |
| Strom - Ausgang / Kanal                | 40mA                                                  |
| Strom - Eingangsruhe                   | 90nA                                                  |
| Verstärkertyp                          | General Purpose                                       |
| -3db Bandbreite                        | -                                                     |
