|-----------------------------------|-----------------------------------------------|
| Teilenummer                       | C8051F860-C-GSR                               |
| Hersteller                        | Energy Micro (Silicon Labs)                   |
| Beschreibung                      | IC MCU 8BIT 8KB FLASH 16SOIC                  |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 6101 pcs Stock                                |
| Serie                             | C8051F86x                                     |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Verpackung / Gehäuse              | 16-SOIC (0.154", 3.90mm Width)                |
| Peripherals                       | Brown-out Detect/Reset, POR, PWM, WDT         |
| Core-Prozessor                    | 8051                                          |
| Geschwindigkeit                   | 25MHz                                         |
| Anzahl der E / A                  | 13                                            |
| EEPROM Größe                      | -                                             |
| RAM-Größe                         | 512 x 8                                       |
| Kerngröße                         | 8-Bit                                         |
| Connectivity                      | I²C, SPI, UART/USART                          |
| Programmspeichergröße             | 8KB (8K x 8)                                  |
| Programmspeichertyp               | FLASH                                         |
| Spannung - Versorgung (Vcc / Vdd) | 2.2 V ~ 3.6 V                                 |
| Datenwandler                      | A/D 12x12b                                    |
| Oszillatortyp                     | Internal                                      |
| Verpackung                        | Tape & Reel (TR)                              |
