| Beschreibung                           | IC SGL CH CODEC LP LV 30-TSSOP                         |
| Kategorie                              | Integrierte Schaltungen (ICs) > Schnittstelle - CODECs |
| Teilstatus                             | 2547 pcs Stock                                         |
| Spannung - Versorgung, digital         | 1.65 V ~ 1.95 V                                        |
| Spannung - Versorgung, analog          | 2.7 V ~ 3.6 V                                          |
| Art                                    | Voice-Band                                             |
| Supplier Device-Gehäuse                | 30-TSSOP                                               |
| Sigma Delta                            | Yes                                                    |
| Serie                                  | -                                                      |
| S / N-Verhältnis, ADCs / DACs (db) Typ | 84 / 92                                                |
| Auflösung (Bits)                       | 16 b                                                   |
| Verpackung                             | Tape & Reel (TR)                                       |
| Verpackung / Gehäuse                   | 30-TFSOP (0.173", 4.40mm Width)                        |
| Betriebstemperatur                     | -40°C ~ 85°C                                           |
| Anzahl der ADCs / DACs                 | 1 / 1                                                  |
| Befestigungsart                        | Surface Mount                                          |
| Dynamic Range, ADCs / DACs (db) Typ    | 85 / 92                                                |
| Data Interface                         | Serial                                                 |
