| Artikelnummer                | PQ12RA11                                              |
| Hersteller                   | Sharp Microelectronics                                |
| Beschreibung                 | IC REG LDO 12V 1A TO220-4                             |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 384 pcs Stock                                         |
| Spannung - Ausgabe           | 12V                                                   |
| Spannung - Eingang           | Up to 35V                                             |
| Spannung - Aussetz (typisch) | -                                                     |
| Supplier Device-Gehäuse      | TO-220-4                                              |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tube                                                  |
| Verpackung / Gehäuse         | TO-220-4                                              |
| Betriebstemperatur           | -20°C ~ 80°C                                          |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Through Hole                                          |
| Strom - Ausgabe              | 1A                                                    |
| Strom - Grenze (min)         | -                                                     |
