| Hersteller                                    | Avago Technologies (Broadcom Limited) |
| Beschreibung                                  | OPTOISO 3.75KV GATE DRIVER 8SO        |
| Kategorie                                     | Isolatoren > Isolatoren-Gate Drivers  |
| Teilstatus                                    | 2671 pcs Stock                        |
| Spannungsversorgung                           | 10 V ~ 30 V                           |
| Spannung - Isolation                          | 3750Vrms                              |
| Spannung - Vorwärts (Vf) (Typ)                | 1.5V                                  |
| Technologie                                   | Optical Coupling                      |
| Supplier Device-Gehäuse                       | 8-SO                                  |
| Serie                                         | -                                     |
| Aufstieg / Fallzeit (Typ)                     | 50ns, 50ns                            |
| Pulsbreite Verzerrung (Max)                   | -                                     |
| Ausbreitungsverzögerung tpLH / tpHL (Max)     | 700ns, 700ns                          |
| Verpackung                                    | Tape & Reel (TR)                      |
| Verpackung / Gehäuse                          | 8-SOIC (0.154", 3.90mm Width)         |
| Betriebstemperatur                            | -40°C ~ 100°C                         |
| Anzahl der Kanäle                             | 1                                     |
| Befestigungsart                               | Surface Mount                         |
| Strom - Spitzenausgang                        | 600mA                                 |
| Strom - hoch, niedrig                         | 400mA, 400mA                          |
| Strom - DC Vorwärts (If) (Max)                | 25mA                                  |
| Gattungsmodus vorübergehende Immunität (min.) | 25kV/µs                               |
| Zulassungen                                   | CSA, IEC/EN/DIN, UR                   |
|                                               |                                       |
