**GP2S24J0000F**

|                         |                                         |
|-------------------------|-----------------------------------------|
| Hersteller-Teilenummer: | GP2S24J0000F                            |
| Hersteller / Marke:     | Sharp Microelectronics                  |
| Teil der Beschreibung:  | PHOTOINTERRUPTER TRANS OUT 4X3          |
| Datenblätter:           | <a href="#">GP2S24J0000F.pdf</a>        |
| RoHs Status:            | Bleifrei / RoHS-konform                 |
| Lagerzustand:           | New original, 2985 pcs Stock Available. |
| Liefern von:            | Hong Kong                               |
| Versandweg:             | DHL/Fedex/TNT/UPS/EMS                   |

| Teilstatus                                    | 2985 pcs Stock                                                            |
| Spannung - Kollektor-Emitter-Durchbruch (max) | 35V                                                                       |
| Serie                                         | -                                                                         |
| Abtastmethode                                 | Reflective                                                                |
| Abtastabstand                                 | 0.028" (0.7mm)                                                            |
| Reaktionszeit                                 | 20µs, 20µs                                                                |
| Verpackung                                    | Tube                                                                      |
| Verpackung / Gehäuse                          | PCB Mount                                                                 |
| Ausgabetyp                                    | Phototransistor                                                           |
| Betriebstemperatur                            | -25°C ~ 85°C                                                              |
| Befestigungsart                               | Through Hole                                                              |
| Strom - DC Vorwärts (If) (Max)                | 50mA                                                                      |
| Strom - Kollektor (Ic) (max)                  | 20mA                                                                      |
