| Artikelnummer                            | PC357N8J000F                                            |
| Hersteller                               | Sharp Microelectronics                                  |
| Beschreibung                             | OPTOISOLATOR 3.75KV TRANSISTOR                          |
| Kategorie                                | Isolatoren > Optoisolatoren - Transistor, Photovoltaik- |
| Teilstatus                               | 2636 pcs Stock                                          |
| Spannung - Ausgabe (max)                 | 80V                                                     |
| Spannung - Isolation                     | 3750Vrms                                                |
| Spannung - Vorwärts (Vf) (Typ)           | 1.2V                                                    |
| VCE Sättigung (max)                      | 200mV                                                   |
| Ein- / Ausschaltzeit (Typ)               | -                                                       |
| Supplier Device-Gehäuse                  | 4-Mini-Flat                                             |
| Serie                                    | -                                                       |
| Aufstieg / Fallzeit (Typ)                | 4µs, 3µs                                                |
| Verpackung                               | Tape & Reel (TR)                                        |
| Verpackung / Gehäuse                     | 4-Miniflat                                              |
| Ausgabetyp                               | Transistor                                              |
| Betriebstemperatur                       | -30°C ~ 100°C                                           |
| Anzahl der Kanäle                        | 1                                                       |
| Befestigungsart                          | Surface Mount                                           |
| Eingabetyp                               | DC                                                      |
| Gleichstrom-Übertragungsverhältnis (min) | 80% @ 5mA                                               |
| Stromübertragungsverhältnis (max)        | 400% @ 5mA                                              |
| Strom - Ausgang / Kanal                  | 50mA                                                    |
| Strom - DC Vorwärts (If) (Max)           | 50mA                                                    |
