| Kategorie                      | Integrierte Schaltungen (ICs) > Datenerfassung - |
| Teilstatus                     | 3659 pcs Stock                                   |
| Spannung - Versorgung, digital | 3 V ~ 3.6 V                                      |
| Spannung - Versorgung, analog  | 3 V ~ 3.6 V                                      |
| Supplier Device-Gehäuse        | 64-VQFN (9x9)                                    |
| Serie                          | -                                                |
| Abtastrate (pro Sekunde)       | 80M                                              |
| Referenztyp                    | External, Internal                               |
| Verhältnis - S / H: ADC        | 1:1                                              |
| Verpackung                     | Original-Reel®                                   |
| Verpackung / Gehäuse           | 64-VFQFN Exposed Pad                             |
| Betriebstemperatur             | -40°C ~ 85°C                                     |
| Anzahl der Eingänge            | 4                                                |
| Anzahl der Bits                | 14                                               |
| Anzahl der A / D-Wandler       | 4                                                |
| Eingabetyp                     | Differential                                     |
| Eigenschaften                  | Simultaneous Sampling                            |
| Data Interface                 | LVDS - Serial                                    |
| Konfiguration                  | S/H-ADC                                          |
| Die Architektur                | Pipelined                                        |
