| Hersteller                        | Power Integrations                                    |
| Beschreibung                      | IC OFFLINE SWIT PWM OCP HV TO220                      |
| Kategorie                         | Integrierte Schaltungen (ICs) > PMIC - AC-DC-Wandler, |
| Teilstatus                        | 384 pcs Stock                                         |
| Spannung - Versorgung (Vcc / Vdd) | -                                                     |
| Spannung - Durchschlag            | 700V                                                  |
| Topologie                         | Boost, Buck, Flyback, Forward                         |
| Supplier Device-Gehäuse           | TO-220-3                                              |
| Serie                             | TOPSwitch®-II                                         |
| Leistung (W)                      | 25W                                                   |
| Verpackung                        | Tube                                                  |
| Verpackung / Gehäuse              | TO-220-3                                              |
| Ausgangsisolierung                | Isolated                                              |
| Betriebstemperatur                | -40°C ~ 150°C (TJ)                                    |
| Befestigungsart                   | Through Hole                                          |
| Interne (r)                       | Yes                                                   |
| Frequenz - Umschaltung            | 100kHz                                                |
| Fehlerschutz                      | Current Limiting, Over Temperature                    |
| Auslastungsgrad                   | 67%                                                   |
| Kontrollfunktionen                | -                                                     |
