| Kategorie                        | Integrierte Schaltungen (ICs) > PMIC - Spannungsregler |
| Teilstatus                       | 2665 pcs Stock                                         |
| Spannung - Ausgang (Min / Fixed) | 1.24V                                                  |
| Spannung - Ausgabe (max)         | 34V                                                    |
| Spannung - Eingang (min)         | 7.4V                                                   |
| Spannung - Eingang (Max)         | 40V                                                    |
| Topologie                        | Buck                                                   |
| Synchrone Gleichrichter          | No                                                     |
| Supplier Device-Gehäuse          | 8-PDIP                                                 |
| Serie                            | -                                                      |
| Verpackung                       | Tube                                                   |
| Verpackung / Gehäuse             | 8-DIP (0.300", 7.62mm)                                 |
| Ausgabetyp                       | Adjustable                                             |
| Ausgangskonfiguration            | Positive                                               |
| Betriebstemperatur               | 0°C ~ 125°C (TJ)                                       |
| Anzahl der Ausgänge              | 1                                                      |
| Befestigungsart                  | Through Hole                                           |
| Funktion                         | Step-Down                                              |
| Frequenz - Umschaltung           | 200kHz                                                 |
| Strom - Ausgabe                  | 550mA (Switch)                                         |
