| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2596 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 2.5 V ~ 5.5 V                                 |
| Supplier Device-Gehäuse           | 8-SOIC                                        |
| Geschwindigkeit                   | 4MHz                                          |
| Serie                             | PIC® 12C                                      |
| RAM-Größe                         | 25 x 8                                        |
| Programmspeichertyp               | OTP                                           |
| Programmspeichergröße             | 768B (512 x 12)                               |
| Peripherals                       | POR, WDT                                      |
| Verpackung                        | Tape & Reel (TR)                              |
| Verpackung / Gehäuse              | 8-SOIC (0.154", 3.90mm Width)                 |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | 0°C ~ 70°C (TA)                               |
| Anzahl der E / A                  | 5                                             |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | -                                             |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | -                                             |
