| Artikelnummer                     | AT91SAM7S128C-MU-999                          |
| Hersteller                        | Micrel / Microchip Technology                 |
| Beschreibung                      | IC MCU 32BIT 128KB FLASH 64QFN                |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2557 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 1.65 V ~ 1.95 V                               |
| Supplier Device-Gehäuse           | 64-QFN (9x9)                                  |
| Geschwindigkeit                   | 55MHz                                         |
| Serie                             | SAM7S                                         |
| RAM-Größe                         | 32K x 8                                       |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 128KB (128K x 8)                              |
| Peripherals                       | Brown-out Detect/Reset, DMA, POR, PWM, WDT    |
| Verpackung                        | Tape & Reel (TR)                              |
| Verpackung / Gehäuse              | 64-VFQFN Exposed Pad                          |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C                                  |
| Anzahl der E / A                  | 32                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | A/D 8x10b                                     |
| Kerngröße                         | 16/32-Bit                                     |
| Core-Prozessor                    | ARM7®                                         |
| Connectivity                      | I²C, SPI, SSC, UART/USART, USB                |
