|------------------------------|-------------------------------------------------------|
| Artikelnummer                | MIC5200-3.3YMM-TR                                     |
| Hersteller                   | Micrel / Microchip Technology                         |
| Beschreibung                 | IC REG LDO 3.3V 0.1A 8MSOP                            |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2544 pcs Stock                                        |
| Spannung - Ausgabe           | 3.3V                                                  |
| Spannung - Eingang           | Up to 26V                                             |
| Spannung - Aussetz (typisch) | 0.23V @ 100mA                                         |
| Supplier Device-Gehäuse      | 8-MSOP                                                |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse         | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 100mA                                                 |
| Strom - Grenze (min)         | 100mA                                                 |
