| Artikelnummer                     | C8051F133                                          |
| Hersteller                        | Energy Micro (Silicon Labs)                        |
| Beschreibung                      | IC MCU 8BIT 64KB FLASH 64TQFP                      |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet -      |
| Teilstatus                        | 2681 pcs Stock                                     |
| Spannung - Versorgung (Vcc / Vdd) | 3 V ~ 3.6 V                                        |
| Supplier Device-Gehäuse           | 64-TQFP (10x10)                                    |
| Geschwindigkeit                   | 100MHz                                             |
| Serie                             | C8051F13x                                          |
| RAM-Größe                         | 8.25K x 8                                          |
| Programmspeichertyp               | FLASH                                              |
| Programmspeichergröße             | 64KB (64K x 8)                                     |
| Peripherals                       | Brown-out Detect/Reset, POR, PWM, Temp Sensor, WDT |
| Verpackung                        | Tray                                               |
| Verpackung / Gehäuse              | 64-TQFP                                            |
| Oszillatortyp                     | Internal                                           |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                                  |
| Anzahl der E / A                  | 32                                                 |
| EEPROM Größe                      | -                                                  |
| Datenwandler                      | A/D 8x10b                                          |
| Kerngröße                         | 8-Bit                                              |
| Core-Prozessor                    | 8051                                               |
| Connectivity                      | EBI/EMI, SMBus (2-Wire/I²C), SPI, UART/USART       |
