| Artikelnummer                     | TMS370C759AFNT                                |
| Hersteller                        | N/A                                           |
| Beschreibung                      | IC MCU 8BIT 48KB OTP 68PLCC                   |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2649 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 4.5 V ~ 5.5 V                                 |
| Supplier Device-Gehäuse           | 68-PLCC (24.23x24.23)                         |
| Geschwindigkeit                   | 5MHz                                          |
| Serie                             | TMS370                                        |
| RAM-Größe                         | 3.5K x 8                                      |
| Programmspeichertyp               | OTP                                           |
| Programmspeichergröße             | 48KB (48K x 8)                                |
| Peripherals                       | PWM, WDT                                      |
| Verpackung                        | Tray                                          |
| Verpackung / Gehäuse              | 68-LCC (J-Lead)                               |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 105°C (TA)                            |
| Anzahl der E / A                  | 55                                            |
| EEPROM Größe                      | 256 x 8                                       |
| Datenwandler                      | A/D 8x8b                                      |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | TMS370                                        |
| Connectivity                      | SCI, SPI                                      |
