| Hersteller                        | Xilinx                                               |
| Beschreibung                      | IC FPGA 416 I/O 676FBGA                              |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettete - FPGAs |
| Teilstatus                        | 2551 pcs Stock                                       |
| Spannungsversorgung               | 1.425 V ~ 1.575 V                                    |
| Gesamt-RAM-Bits                   | 3538944                                              |
| Supplier Device-Gehäuse           | 676-FCBGA (27x27)                                    |
| Serie                             | Virtex®-II Pro                                       |
| Verpackung / Gehäuse              | 676-BBGA, FCBGA                                      |
| Betriebstemperatur                | 0°C ~ 85°C (TJ)                                      |
| Anzahl der Logikelemente / Zellen | 43632                                                |
| Anzahl der LABs / CLBs            | 4848                                                 |
| Anzahl der E / A                  | 416                                                  |
| Befestigungsart                   | Sub-Base Mount                                       |
