| Artikelnummer                          | LM2901QPWRG4Q1                                       |
| Hersteller                             | N/A                                                  |
| Beschreibung                           | IC QUAD DIFF COMPARATOR 14-TSSOP                     |
| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Vergleicher |
| Teilstatus                             | 103097 pcs Stock                                     |
| Spannungsversorgung, Single / Dual (±) | 2 V ~ 36 V, ±1 V ~ 18 V                              |
| Spannung - Eingangs-Offset (Max)       | 7mV @ 5V                                             |
| Art                                    | Differential                                         |
| Supplier Device-Gehäuse                | 14-TSSOP                                             |
| Serie                                  | Automotive, AEC-Q100                                 |
| Propagation Delay (Max)                | -                                                    |
| Verpackung                             | Tape & Reel (TR)                                     |
| Verpackung / Gehäuse                   | 14-TSSOP (0.173", 4.40mm Width)                      |
| Ausgabetyp                             | CMOS, MOS, Open-Collector, TTL                       |
| Betriebstemperatur                     | -40°C ~ 125°C                                        |
| Anzahl der Elemente                    | 4                                                    |
| Befestigungsart                        | Surface Mount                                        |
| Hysterese                              | -                                                    |
| Strom - Ruhende (Max)                  | 2.5mA                                                |
| Strom - Ausgabe (Typ)                  | 20mA                                                 |
| Strom - Eingangsruhe (Max)             | 0.25µA @ 5V                                          |
| CMRR, PSRR (Typ)                       | -                                                    |
