| Beschreibung            | IC STEPPER MOTOR DRIVER 48TQFP                      |
| Kategorie               | Integrierte Schaltungen (ICs) > PMIC-Motor-Treiber, |
| Teilstatus              | 2602 pcs Stock                                      |
| Spannungsversorgung     | 5.5 V ~ 46 V                                        |
| Spannung - Last         | 5.5 V ~ 46 V                                        |
| Technologie             | Power MOSFET                                        |
| Supplier Device-Gehäuse | 48-TQFP                                             |
| Schritt Auflösung       | 1 ~ 1/256                                           |
| Serie                   | -                                                   |
| Verpackung              | Tape & Reel (TR)                                    |
| Verpackung / Gehäuse    | 48-TQFP Exposed Pad                                 |
| Ausgangskonfiguration   | Half Bridge (4)                                     |
| Betriebstemperatur      | -40°C ~ 125°C (TJ)                                  |
| Befestigungsart         | Surface Mount                                       |
| Motortyp - Stepper      | Bipolar                                             |
| Motortyp - AC, DC       | -                                                   |
| Schnittstelle           | Step/Direction                                      |
| Funktion                | Driver - Fully Integrated, Control and Power Stage  |
| Strom - Ausgabe         | 1.4A                                                |
| Anwendungen             | General Purpose                                     |
