

| Spezifikationen                           |                                                       |
|-------------------------------------------|-------------------------------------------------------|
| Teilenummer                               | MMBZ4697-HE3-18                                       |
| Hersteller                                | Electro-Films (EFI) / Vishay                          |
| Beschreibung                              | DIODE ZENER 10V 350MW SOT23-3                         |
| Kategorie                                 | Diskrete Halbleiterprodukte > Dioden - Zener - Single |
| Teilstatus                                | 2517 pcs Stock                                        |
| Spannung - Zener (Nom) (Vz)               | 10V                                                   |
| Toleranz                                  | ±5%                                                   |
| Supplier Device-Gehäuse                   | SOT-23-3                                              |
| Serie                                     | Automotive, AEC-Q101                                  |
| Leistung - max                            | 350mW                                                 |
| Verpackung                                | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse                      | TO-236-3, SC-59, SOT-23-3                             |
| Betriebstemperatur                        | -55°C ~ 150°C                                         |
| Befestigungsart                           | Surface Mount                                         |
| Feuchtigkeitsempfindlichkeitsniveau (MSL) | 1 (Unlimited)                                         |
| Bleifreier Status / RoHS-Status           | Lead free / RoHS Compliant                            |
| detaillierte Beschreibung                 | Zener Diode 10V 350mW ±5% Surface Mount SOT-23-3      |
| Strom - Sperrleckstrom @ Vr               | 1µA @ 7.6V                                            |

|                                                                                                                                                                                                                      |                                                                                                                                                                                                          |                                                                                                                                                                                                           |                                                                                                                                                                                              |
