| Hersteller                        | Zilog                                         |
| Beschreibung                      | IC MCU 8BIT 2KB OTP 28SOIC                    |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 1670 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 3.5 V ~ 5.5 V                                 |
| Geschwindigkeit                   | 16MHz                                         |
| Serie                             | Z8@                                           |
| RAM-Größe                         | 125 x 8                                       |
| Programmspeichertyp               | OTP                                           |
| Programmspeichergröße             | 2KB (2K x 8)                                  |
| Peripherals                       | POR, WDT                                      |
| Verpackung                        | Tube                                          |
| Verpackung / Gehäuse              | 28-SOIC (0.295", 7.50mm Width)                |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | 0°C ~ 70°C (TA)                               |
| Anzahl der E / A                  | 24                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | -                                             |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | Z8                                            |
| Connectivity                      | -                                             |
