| Beschreibung                   | IC D/ACONV MULTIPLY 12BIT 20SSOP                 |
| Kategorie                      | Integrierte Schaltungen (ICs) > Datenerfassung - |
| Teilstatus                     | 2669 pcs Stock                                   |
| Spannung - Versorgung, digital | 5V, 14.25 V ~ 15.75 V                            |
| Spannung - Versorgung, analog  | 5V, 14.25 V ~ 15.75 V                            |
| Supplier Device-Gehäuse        | 20-SSOP                                          |
| Einschwingzeit                 | 1µs                                              |
| Serie                          | -                                                |
| Referenztyp                    | External                                         |
| Verpackung                     | Tube                                             |
| Verpackung / Gehäuse           | 20-SSOP (0.209", 5.30mm Width)                   |
| Ausgabetyp                     | Current - Unbuffered                             |
| Betriebstemperatur             | -40°C ~ 85°C                                     |
| Anzahl der D / A-Wandler       | 1                                                |
| Anzahl der Bits                | 12                                               |
| INL / DNL (LSB)                | ±0.5 (Max), ±1 (Max)                             |
| Differenzausgang               | No                                               |
| Data Interface                 | Parallel                                         |
| Die Architektur                | R-2R                                             |
