

Not Actual Photo

YIC International Co., Limited.

Hersteller-Teilenummer:

STM32L162QCH6

Hersteller / Marke:

STMicroelectronics

Teil der Beschreibung:

IC MCU 32BIT 256KB FLASH 132BGA

Datenblätter:

 1.STM32L162QCH6.pdf  
 2.STM32L162QCH6.pdf

RoHs Status:

Bleifrei / RoHS-konform

Lagerzustand:

New original, 2619 pcs Stock Available.

Liefern von:

Hong Kong

Versandweg:

DHL/Fedex/TNT/UPS/EMS

See specs for product details.

| Spezifikationen                   |                                                  |
|-----------------------------------|--------------------------------------------------|
| YIC International Co., Limited.   |                                                  |
| Artikelnummer                     | STM32L162QCH6                                    |
| Hersteller                        | STMicroelectronics                               |
| Beschreibung                      | IC MCU 32BIT 256KB FLASH 132BGA                  |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet -    |
| Teilstatus                        | 2619 pcs Stock                                   |
| Spannung - Versorgung (Vcc / Vdd) | 1.8 V ~ 3.6 V                                    |
| Geschwindigkeit                   | 32MHz                                            |
| Serie                             | STM32 L1                                         |
| RAM-Größe                         | 32K x 8                                          |
| Programmspeichertyp               | FLASH                                            |
| Programmspeichergröße             | 256KB (256K x 8)                                 |
| Peripherals                       | Brown-out Detect/Reset, DMA, I²S, LCD, POR, PWM, |
| Verpackung                        | Tray                                             |
| Verpackung / Gehäuse              | 132-UFBGA                                        |
| Oszillatortyp                     | Internal                                         |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                                |
| Anzahl der E / A                  | 109                                              |
| EEPROM Größe                      | 8K x 8                                           |
| Datenwandler                      | A/D 40x12b, D/A 2x12b                            |
| Kerngröße                         | 32-Bit                                           |
| Core-Prozessor                    | ARM® Cortex®-M3                                  |
| Connectivity                      | I²C, IrDA, LIN, SPI, UART/USART, USB             |
|                                   |                                                  |
