

| Spezifikationen                   |                                                    |
|-----------------------------------|----------------------------------------------------|
| Artikelnummer                     | CD4013BCMX                                         |
| Hersteller                        | Fairchild/ON Semiconductor                         |
| Beschreibung                      | IC D-TYPE POS TRG DUAL 14SOIC                      |
| Kategorie                         | Integrierte Schaltungen (ICs) > Logik - Flip Flops |
| Teilstatus                        | 31843 pcs Stock                                    |
| Spannungsversorgung               | 3 V ~ 15 V                                         |
| Art                               | D-Type                                             |
| Trigger-Typ                       | Positive Edge                                      |
| Serie                             | 4000B                                              |
| Verpackung                        | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse              | 14-SOIC (0.154", 3.90mm Width)                     |
| Ausgabetyp                        | Differential                                       |
| Betriebstemperatur                | -55°C ~ 125°C (TA)                                 |
| Anzahl der Elemente               | 2                                                  |
| Anzahl der Bits pro Element       | 1                                                  |
| Befestigungsart                   | Surface Mount                                      |
| Max Propagation Delay @ V, Max CL | 120ns @ 15V, 50pF                                  |
| Eingabekapazität                  | 5pF                                                |
| Funktion                          | Set(Preset) and Reset                              |
| Strom - Ruhende                   | 4µA                                                |
| Strom - hoch, niedrig             | 8.8mA, 8.8mA                                       |
| Uhrfrequenz                       | 15.5MHz                                            |
