Spezifikationen

|                                   |                                               |
|-----------------------------------|-----------------------------------------------|
| Artikelnummer                     | ATXMEGA128A1-CUR                              |
| Hersteller                        | Micrel / Microchip Technology                 |
| Beschreibung                      | IC MCU 8BIT 128KB FLASH 100CBGA               |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2537 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 1.6 V ~ 3.6 V                                 |
| Supplier Device-Gehäuse           | 100-CBGA (9x9)                                |
| Geschwindigkeit                   | 32MHz                                         |
| Serie                             | AVR® XMEGA® A1                                |
| RAM-Größe                         | 8K x 8                                        |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 128KB (64K x 16)                              |
| Peripherals                       | Brown-out Detect/Reset, DMA, POR, PWM, WDT    |
| Verpackung                        | Tape & Reel (TR)                              |
| Verpackung / Gehäuse              | 100-TFBGA                                     |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Anzahl der E / A                  | 78                                            |
| EEPROM Größe                      | 2K x 8                                        |
| Datenwandler                      | A/D 16x12b, D/A 4x12b                         |
| Kerngröße                         | 8/16-Bit                                      |
| Core-Prozessor                    | AVR                                           |
| Connectivity                      | EBI/EMI, I²C, IrDA, SPI, UART/USART           |
