| Hersteller                             | JRC Corporation / NJRC                                |
| Beschreibung                           | IC OPAMP GP 1MHZ RRO 8DIP                             |
| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Verstärker - |
| Teilstatus                             | 2649 pcs Stock                                        |
| Spannungsversorgung, Single / Dual (±) | 1 V ~ 5.5 V                                           |
| Spannung - Eingangs-Offset             | 10mV                                                  |
| Supplier Device-Gehäuse                | 8-DIP                                                 |
| Slew Rate                              | 1 V/μs                                                |
| Serie                                  | -                                                     |
| Verpackung                             | Tube                                                  |
| Verpackung / Gehäuse                   | 8-DIP (0.300", 7.62mm)                                |
| Ausgabetyp                             | Rail-to-Rail                                          |
| Betriebstemperatur                     | -40°C ~ 85°C                                          |
| Zahl der Schaltkreise                  | 2                                                     |
| Befestigungsart                        | Through Hole                                          |
| Verstärkungsbandbreitenprodukt         | 1MHz                                                  |
| Strom - Versorgung                     | 80μA                                                  |
| Strom - Ausgang / Kanal                | -                                                     |
| Strom - Eingangsruhe                   | 1pA                                                   |
| Verstärkertyp                          | General Purpose                                       |
| -3db Bandbreite                        | -                                                     |
