Spezifikationen

|                                   |                                               |
|-----------------------------------|-----------------------------------------------|
| Artikelnummer                     | PIC18LC858/CL                                 |
| Hersteller                        | Micrel / Microchip Technology                 |
| Beschreibung                      | IC MCU 8BIT 32KB EPROM 84CLCC                 |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2637 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 2.5 V ~ 5.5 V                                 |
| Supplier Device-Gehäuse           | 84-CERQUAD (29.21x29.21)                      |
| Geschwindigkeit                   | 40MHz                                         |
| Serie                             | PIC® 18C                                      |
| RAM-Größe                         | 1.5K x 8                                      |
| Programmspeichertyp               | EPROM, UV                                     |
| Programmspeichergröße             | 32KB (16K x 16)                               |
| Peripherals                       | Brown-out Detect/Reset, LVD, POR, PWM, WDT    |
| Verpackung                        | Tube                                          |
| Verpackung / Gehäuse              | 84-CLCC Window (J-Lead)                       |
| Oszillatortyp                     | External                                      |
| Betriebstemperatur                | 0°C ~ 70°C (TA)                               |
| Anzahl der E / A                  | 68                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | A/D 16x10b                                    |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | CAN, I²C, SPI, UART/USART                     |
