| Kategorie                      | Integrierte Schaltungen (ICs) > Datenerfassung - |
| Teilstatus                     | 3000 pcs Stock                                   |
| Spannung - Versorgung, digital | 1.8 V ~ 5.25 V                                   |
| Spannung - Versorgung, analog  | 5V                                               |
| Supplier Device-Gehäuse        | 36-LFCSP-WQ (6x6)                                |
| Serie                          | -                                                |
| Abtastrate (pro Sekunde)       | 625k                                             |
| Referenztyp                    | External, Internal                               |
| Verhältnis - S / H: ADC        | 1:1                                              |
| Verpackung                     | Tape & Reel (TR)                                 |
| Verpackung / Gehäuse           | 36-WFQFN Exposed Pad, CSP                        |
| Betriebstemperatur             | -40°C ~ 125°C                                    |
| Anzahl der Eingänge            | 1, 8                                             |
| Anzahl der Bits                | 10                                               |
| Anzahl der A / D-Wandler       | 1                                                |
| Eingabetyp                     | Differential, Single Ended                       |
| Eigenschaften                  | Temperature Sensor                               |
| Data Interface                 | SPI                                              |
| Konfiguration                  | MUX-S/H-ADC                                      |
| Die Architektur                | SAR                                              |
