| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Vergleicher |
| Teilstatus                             | 613 pcs Stock                                        |
| Spannungsversorgung, Single / Dual (±) | 1.6 V ~ 5.5 V                                        |
| Spannung - Eingangs-Offset (Max)       | 10mV @ 5.5V                                          |
| Art                                    | General Purpose                                      |
| Supplier Device-Gehäuse                | 16-QSOP                                              |
| Serie                                  | -                                                    |
| Propagation Delay (Max)                | 20µs                                                 |
| Verpackung                             | Tube                                                 |
| Verpackung / Gehäuse                   | 16-SSOP (0.154", 3.90mm Width)                       |
| Ausgabetyp                             | Open-Drain, Rail-to-Rail                             |
| Betriebstemperatur                     | -40°C ~ 85°C                                         |
| Anzahl der Elemente                    | 4                                                    |
| Befestigungsart                        | Surface Mount                                        |
| Hysterese                              | ±1mV                                                 |
| Strom - Ruhende (Max)                  | 18µA                                                 |
| Strom - Ausgabe (Typ)                  | -                                                    |
| Strom - Eingangsruhe (Max)             | 0.05µA @ 5.5V                                        |
| CMRR, PSRR (Typ)                       | 56.48dB CMRR, 80dB PSRR                              |
