|-------------------------------------------|---------------------------------------------------|
| Artikelnummer                             | PIC32MM0256GPM028-I/ML                            |
| Hersteller                                | Micrel / Microchip Technology                     |
| Beschreibung                              | IC MCU 32BIT 256KB FLASH 28QFN                    |
| Kategorie                                 | Integrierte Schaltungen (ICs) > Eingebettet -     |
| Teilstatus                                | 1350 pcs Stock                                    |
| Spannung - Versorgung (Vcc / Vdd)         | 2 V ~ 3.6 V                                       |
| Supplier Device-Gehäuse                   | 28-QFN (6x6)                                      |
| Geschwindigkeit                           | 25MHz                                             |
| Serie                                     | PIC® 32MM                                         |
| RAM-Größe                                 | 32K x 8                                           |
| Programmspeichertyp                       | FLASH                                             |
| Programmspeichergröße                     | 256KB (256K x 8)                                  |
| Peripherals                               | Brown-out Detect/Reset, DMA, HLVD, I²S, POR, PWM, |
| Verpackung                                | Tube                                              |
| Verpackung / Gehäuse                      | 28-VQFN Exposed Pad                               |
| Oszillatortyp                             | Internal                                          |
| Betriebstemperatur                        | -40°C ~ 85°C (TA)                                 |
| Anzahl der E / A                          | 21                                                |
| Feuchtigkeitsempfindlichkeitsniveau (MSL) | 1 (Unlimited)                                     |
| Hersteller Standard Vorlaufzeit           | 12 Weeks                                          |
| Bleifreier Status / RoHS-Status           | Lead free / RoHS Compliant                        |
| EEPROM Größe                              | -                                                 |
| detaillierte Beschreibung                 | MIPS32® microActiv™ PIC® 32MM Microcontroller IC  |
| Datenwandler                              | A/D 12x10/12b                                     |
| Kerngröße                                 | 32-Bit                                            |
| Core-Prozessor                            | MIPS32® microActiv™                               |
| Connectivity                              | IrDA, LINbus, SPI, UART/USART, USB, USB OTG       |
