|-----------------------------------|----------------------------------------------------|
| Teilenummer                       | MIC1810-10UY-TR                                    |
| Hersteller                        | Micrel / Microchip Technology                      |
| Beschreibung                      | IC RESET CIRCUIT 4.37V SOT23-3                     |
| Kategorie                         | Integrierte Schaltungen (ICs) > PMIC - Vorgesetzte |
| Teilstatus                        | 2571 pcs Stock                                     |
| Spannung - Schwellen              | 4.37V                                              |
| Art                               | Simple Reset/Power-On Reset                        |
| Supplier Device-Gehäuse           | SOT-23-3                                           |
| Serie                             | -                                                  |
| Zurücksetzen Timeout              | 100 ms Minimum                                     |
| zurückstellen                     | Active Low                                         |
| Verpackung                        | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse              | TO-236-3, SC-59, SOT-23-3                          |
| Ausgabe                           | -                                                  |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                                  |
| Anzahl der überwachten Spannungen | 1                                                  |
| Befestigungsart                   | Surface Mount                                      |
