| Beschreibung                 | IC REG LDO 3.3V 0.5A 16SOIC                           |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2684 pcs Stock                                        |
| Spannung - Ausgabe           | 3.3V                                                  |
| Spannung - Eingang           | Up to 30V                                             |
| Spannung - Aussetz (typisch) | 0.47V @ 500mA                                         |
| Supplier Device-Gehäuse      | 16-SOIC                                               |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tube                                                  |
| Verpackung / Gehäuse         | 16-SOIC (0.154", 3.90mm Width)                        |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 500mA                                                 |
| Strom - Grenze (min)         | -                                                     |
