| Teilstatus                     | 2620 pcs Stock                                   |
| Spannung - Versorgung, digital | 5 V ~ 16.5 V                                     |
| Spannung - Versorgung, analog  | 5 V ~ 16.5 V                                     |
| Supplier Device-Gehäuse        | 16-SOIC                                          |
| Einschwingzeit                 | 800ns                                            |
| Serie                          | -                                                |
| Referenztyp                    | External                                         |
| Verpackung                     | Tube                                             |
| Verpackung / Gehäuse           | 16-SOIC (0.295", 7.50mm Width)                   |
| Ausgabetyp                     | Current - Unbuffered                             |
| Betriebstemperatur             | 0°C ~ 70°C                                       |
| Anzahl der D / A-Wandler       | 1                                                |
| Anzahl der Bits                | 10                                               |
| INL / DNL (LSB)                | -                                                |
| Differenzausgang               | Yes                                              |
| Data Interface                 | Parallel                                         |
| Die Architektur                | R-2R                                             |
