| Kategorie                      | Integrierte Schaltungen (ICs) > Datenerfassung - |
| Teilstatus                     | 3500 pcs Stock                                   |
| Spannung - Versorgung, digital | 2.7 V ~ 5.25 V                                   |
| Spannung - Versorgung, analog  | 5V                                               |
| Supplier Device-Gehäuse        | 28-SOIC                                          |
| Serie                          | -                                                |
| Abtastrate (pro Sekunde)       | 1.5M                                             |
| Referenztyp                    | Internal                                         |
| Verhältnis - S / H: ADC        | 1:1                                              |
| Verpackung                     | Tape & Reel (TR)                                 |
| Verpackung / Gehäuse           | 28-SOIC (0.295", 7.50mm Width)                   |
| Betriebstemperatur             | -40°C ~ 85°C                                     |
| Anzahl der Eingänge            | 1                                                |
| Anzahl der Bits                | 12                                               |
| Anzahl der A / D-Wandler       | 1                                                |
| Eingabetyp                     | Differential, Single Ended                       |
| Eigenschaften                  | -                                                |
| Data Interface                 | Parallel                                         |
| Konfiguration                  | S/H-ADC                                          |
| Die Architektur                | Pipelined                                        |
