| Spannung - Aus-Zustand               | 600V                                             |
| Spannung - Isolation                 | 5000Vrms                                         |
| Spannung - Vorwärts (Vf) (Typ)       | 1.2V                                             |
| Schalten Sie On Time                 | 100µs (Max)                                      |
| Supplier Device-Gehäuse              | 6-SMD                                            |
| Statische dV / dt (min)              | 1kV/µs                                           |
| Serie                                | -                                                |
| Verpackung                           | Tube                                             |
| Verpackung / Gehäuse                 | 6-SMD                                            |
| Ausgabetyp                           | Triac                                            |
| Betriebstemperatur                   | -30°C ~ 100°C                                    |
| Anzahl der Kanäle                    | 1                                                |
| Befestigungsart                      | Surface Mount                                    |
| Strom - EIN-Zustand (It (RMS)) (Max) | 100mA                                            |
| Strom - LED Trigger (Ift) (Max)      | 5mA                                              |
| Strom - Haltestrom (Ih)              | 3.5mA                                            |
| Strom - DC Vorwärts (If) (Max)       | 50mA                                             |
| Zulassungen                          | CSA, UR                                          |
