| Beschreibung                              | IC REG LIN 1.5V 300MA 8HTSOP-J                        |
| Kategorie                                 | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                                | 2542 pcs Stock                                        |
| Spannungsabfall (Max)                     | 1.2V @ 300mA                                          |
| Spannung - Ausgang (Min / Fixed)          | 1.5V                                                  |
| Spannung - Ausgabe (max)                  | -                                                     |
| Spannung - Eingang (Max)                  | 14V                                                   |
| Supplier Device-Gehäuse                   | 8-HTSOP-J                                             |
| Serie                                     | -                                                     |
| Schutzfunktionen                          | Over Current, Over Temperature                        |
| Verpackung                                | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse                      | 8-SOIC (0.154", 3.90mm Width) Exposed Pad             |
| PSRR                                      | -                                                     |
| Ausgabetyp                                | Fixed                                                 |
| Ausgangskonfiguration                     | Positive                                              |
| Andere Namen                              | BD15GA3MEFJ-LBH2TR                                    |
| Betriebstemperatur                        | -40°C ~ 105°C                                         |
| Anzahl der Regler                         | 1                                                     |
| Befestigungsart                           | Surface Mount                                         |
| Feuchtigkeitsempfindlichkeitsniveau (MSL) | 1 (Unlimited)                                         |
| Hersteller Standard Vorlaufzeit           | 11 Weeks                                              |
| Bleifreier Status / RoHS-Status           | Lead free / RoHS Compliant                            |
| detaillierte Beschreibung                 | Linear Voltage Regulator IC 1 Output 300mA 8-HTSOP-J  |
| Strom - Versorgung (Max)                  | 1.2mA                                                 |
| Strom - Ausgabe                           | 300mA                                                 |
| Kontrollfunktionen                        | Enable                                                |
