Spezifikationen

|                         |                                                         |
|-------------------------|---------------------------------------------------------|
| Artikelnummer           | M2S010T-1FG484                                          |
| Hersteller              | Microsemi                                               |
| Beschreibung            | IC FPGA SOC 10K LUTS 484FBGA                            |
| Kategorie               | Integrierte Schaltungen (ICs) > Eingebettet - System On |
| Teilstatus              | 2609 pcs Stock                                          |
| Supplier Device-Gehäuse | 484-FPBGA (23x23)                                       |
| Geschwindigkeit         | 166MHz                                                  |
| Serie                   | SmartFusion®2                                           |
| Primärattribut          | FPGA - 10K Logic Modules                                |
| Peripherals             | DDR, PCIe, SERDES                                       |
| Verpackung              | Tray                                                    |
| Verpackung / Gehäuse    | 484-BGA                                                 |
| Betriebstemperatur      | 0°C ~ 85°C (TJ)                                         |
| Anzahl der E / A        | 233                                                     |
| MCU RAM                 | 64KB                                                    |
| MCU-Flash               | 256KB                                                   |
| Core-Prozessor          | ARM® Cortex®-M3                                         |
| Connectivity            | CAN, Ethernet, I²C, SPI, UART/USART, USB                |
| Die Architektur         | MCU, FPGA                                               |
