| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2661 pcs Stock                                        |
| Spannung - Ausgabe           | 0 V ~ 15 V                                            |
| Spannung - Eingang           | 1.8 V ~ 20 V                                          |
| Spannung - Aussetz (typisch) | 0.35V @ 200mA                                         |
| Supplier Device-Gehäuse      | 10-MSOP-EP                                            |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Adjustable                                   |
| Verpackung                   | Tube                                                  |
| Verpackung / Gehäuse         | 10-TFSOP, 10-MSOP (0.118", 3.00mm Width) Exposed      |
| Betriebstemperatur           | -55°C ~ 150°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 200mA                                                 |
| Strom - Grenze (min)         | 220mA                                                 |
