| Hersteller                     | N/A                                              |
| Beschreibung                   | IC ADC 20BIT 250KSPS 16MSOP                      |
| Kategorie                      | Integrierte Schaltungen (ICs) > Datenerfassung - |
| Teilstatus                     | 2698 pcs Stock                                   |
| Spannung - Versorgung, digital | 2.375 V ~ 2.625 V                                |
| Spannung - Versorgung, analog  | 2.375 V ~ 2.625 V                                |
| Supplier Device-Gehäuse        | 16-MSOP                                          |
| Serie                          | -                                                |
| Abtastrate (pro Sekunde)       | 250k                                             |
| Referenztyp                    | External                                         |
| Verhältnis - S / H: ADC        | 1:1                                              |
| Verpackung                     | Tape & Reel (TR)                                 |
| Verpackung / Gehäuse           | 16-TFSOP (0.118", 3.00mm Width)                  |
| Betriebstemperatur             | 0°C ~ 70°C                                       |
| Anzahl der Eingänge            | 1                                                |
| Anzahl der Bits                | 20                                               |
| Anzahl der A / D-Wandler       | 1                                                |
| Eingabetyp                     | Differential                                     |
| Eigenschaften                  | -                                                |
| Data Interface                 | SPI                                              |
| Konfiguration                  | S/H-ADC                                          |
| Die Architektur                | SAR                                              |
