

| Spezifikationen              |                                                       |
|------------------------------|-------------------------------------------------------|
| Artikelnummer                | MIC5201-3.0BS                                         |
| Hersteller                   | Micrel / Microchip Technology                         |
| Beschreibung                 | IC REG LDO 3V 0.2A SOT223                             |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2509 pcs Stock                                        |
| Spannung - Ausgabe           | 3V                                                    |
| Spannung - Eingang           | Up to 26V                                             |
| Spannung - Aussetz (typisch) | 0.27V @ 200mA                                         |
| Supplier Device-Gehäuse      | SOT-223                                               |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tube                                                  |
| Verpackung / Gehäuse         | TO-261-4, TO-261AA                                    |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 200mA                                                 |
| Strom - Grenze (min)         | -                                                     |
