| Spezifikationen            |                                              |
|----------------------------|----------------------------------------------|
| Teilenummer                | CM1499-E6DE                                  |
| Hersteller                 | AMI Semiconductor / ON Semiconductor         |
| Beschreibung               | FILTER RC(PI) 100 OHM/15PF SMD               |
| Kategorie                  | Filter > EMI / RFI Filter (LC, RC Netzwerke) |
| Teilstatus                 | 11608 pcs Stock                              |
| Spannung - Nennwert        | -                                            |
| Werte                      | R = 100 Ohms, C = 15pF                       |
| Art                        | Low Pass                                     |
| Technologie                | RC (Pi)                                      |
| Größe / Dimension          | 0.118" L x 0.053" W (3.00mm x 1.35mm)        |
| Serie                      | -                                            |
| Widerstand - Kanal (Ohm)   | 100                                          |
| Verpackung                 | Tape & Reel (TR)                             |
| Verpackung / Gehäuse       | 12-VDFDN Exposed Pad                         |
| Betriebstemperatur         | -40°C ~ 85°C                                 |
| Anzahl der Kanäle          | 6                                            |
| Befestigungsart            | Surface Mount                                |
| Höhe                       | 0.039" (1.00mm)                              |
| Filter Ordnung             | 2nd                                          |
| ESD-Schutz                 | Yes                                          |
| Strom                      | -                                            |
| Mitten- / Abschaltfrequenz | 110MHz (Cutoff)                              |
| Schwächungswert            | 30dB @ 800MHz ~ 6GHz                         |
| Anwendungen                | Data Lines for Mobile Devices                |
