| Kategorie               | Integrierte Schaltungen (ICs) > PMIC-Motor-Treiber, |
| Teilstatus              | 5398 pcs Stock                                      |
| Spannungsversorgung     | 5.5 V ~ 16 V                                        |
| Spannung - Last         | 5.5 V ~ 16 V                                        |
| Technologie             | Power MOSFET                                        |
| Supplier Device-Gehäuse | MultiPowerSO-30                                     |
| Schritt Auflösung       | -                                                   |
| Serie                   | STripFET™, VIPower™                                 |
| Verpackung              | Tube                                                |
| Verpackung / Gehäuse    | 30-MPSO, MultiPowerSO                               |
| Ausgangskonfiguration   | Half Bridge (2)                                     |
| Betriebstemperatur      | -40°C ~ 150°C (TJ)                                  |
| Befestigungsart         | Surface Mount                                       |
| Motortyp - Stepper      | -                                                   |
| Motortyp - AC, DC       | Brushed DC                                          |
| Schnittstelle           | PWM                                                 |
| Funktion                | Driver - Fully Integrated, Control and Power Stage  |
| Strom - Ausgabe         | 30A                                                 |
| Anwendungen             | Automotive                                          |
