| Artikelnummer            | FRS-R-1/4                                           |
| Hersteller               | Bussmann (Eaton)                                    |
| Beschreibung             | FUSE TRON DUAL ELEMENT FUSE CLAS                    |
| Kategorie                | Schaltkreisschutz > Elektrische, Spezialsicherungen |
| Teilstatus               | 2539 pcs Stock                                      |
| Nennspannung - DC        | 300V                                                |
| Nennspannung - AC        | 600V                                                |
| Größe / Dimension        | 0.810" Dia x 3.00" L (20.57mm x 76.20mm)            |
| Serie                    | Fusetron™ FRS-R                                     |
| Reaktionszeit            | Slow                                                |
| Verpackung               | Bulk                                                |
| Verpackung / Gehäuse     | Cartridge, Non-Standard                             |
| Betriebstemperatur       | -                                                   |
| Befestigungsart          | Holder                                              |
| Schmelzen I²t            | -                                                   |
| Sicherungstyp            | Cartridge                                           |
| Eigenschaften            | -                                                   |
| Aktuelle Bewertung       | 250mA                                               |
| Klasse                   | RK5                                                 |
| Brechen bei Nennspannung | 200kA AC, 20kA DC                                   |
| Zulassungen              | CE, CSA, UL                                         |
| Anwendungen              | Electrical, Industrial                              |
