| Artikelnummer                     | SN74LVC1G10YZPR                                    |
| Hersteller                        | N/A                                                |
| Beschreibung                      | IC GATE NAND 1CH 3-INP 6-DSBGA                     |
| Kategorie                         | Integrierte Schaltungen (ICs) > Logik - Gatter und |
| Teilstatus                        | 6744 pcs Stock                                     |
| Spannungsversorgung               | 1.65 V ~ 5.5 V                                     |
| Supplier Device-Gehäuse           | 6-DSBGA, 6-WCSP (1.4x0.9)                          |
| Serie                             | 74LVC                                              |
| Verpackung                        | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse              | 6-XFBGA, DSBGA                                     |
| Betriebstemperatur                | -40°C ~ 85°C                                       |
| Anzahl der Eingänge               | 3                                                  |
| Zahl der Schaltkreise             | 1                                                  |
| Befestigungsart                   | Surface Mount                                      |
| Max Propagation Delay @ V, Max CL | 3.6ns @ 5V, 50pF                                   |
| Logiktyp                          | NAND Gate                                          |
| Logikpegel - Low                  | 0.7 V ~ 0.8 V                                      |
| Logikpegel - Hohe                 | 1.7 V ~ 2 V                                        |
| Eigenschaften                     | -                                                  |
| Strom - Ruhende (Max)             | 10µA                                               |
| Strom - hoch, niedrig             | 32mA, 32mA                                         |
