| Hersteller                   | N/A                                                   |
| Beschreibung                 | IC REG LDO 1.2V 20MA TSOT23-8                         |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2624 pcs Stock                                        |
| Spannung - Ausgabe           | 1.2V                                                  |
| Spannung - Eingang           | 2 V ~ 45 V                                            |
| Spannung - Aussetz (typisch) | 0.3V @ 20mA                                           |
| Supplier Device-Gehäuse      | TSOT-23-8                                             |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse         | SOT-23-8 Thin, TSOT-23-8                              |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 20mA                                                  |
| Strom - Grenze (min)         | 22mA                                                  |
