| Artikelnummer                     | LTC3810IUH-5#TRPBF                                     |
| Hersteller                        | N/A                                                    |
| Beschreibung                      | IC REG CTRLR BUCK 32QFN                                |
| Kategorie                         | Integrierte Schaltungen (ICs) > PMIC - Spannungsregler |
| Teilstatus                        | 939 pcs Stock                                          |
| Spannung - Versorgung (Vcc / Vdd) | 4.35 V ~ 14 V                                          |
| Topologie                         | Buck                                                   |
| Synchrongleichrichter             | Yes                                                    |
| Supplier Device-Gehäuse           | 32-QFN (5x5)                                           |
| Serie                             | -                                                      |
| Serielle Schnittstellen           | -                                                      |
| Verpackung                        | Tape & Reel (TR)                                       |
| Verpackung / Gehäuse              | 32-WFQFN Exposed Pad                                   |
| Ausgabetyp                        | Transistor Driver                                      |
| Ausgangsphasen                    | 1                                                      |
| Ausgangskonfiguration             | Positive                                               |
| Betriebstemperatur                | -40°C ~ 125°C (TJ)                                     |
| Anzahl der Ausgänge               | 1                                                      |
| Funktion                          | Step-Down                                              |
| Frequenz - Umschaltung            | -                                                      |
| Duty Cycle (Max)                  | -                                                      |
| Kontrollfunktionen                | Enable, Power Good, Soft Start, Tracking               |
| Taktsynchronisation               | Yes                                                    |
|                                   |                                                        |
