| Kategorie                          | Sensoren, Transducer > Temperatursensoren-Analog  |
| Teilstatus                         | 2404 pcs Stock                                    |
| Spannungsversorgung                | 2.7 V ~ 5.5 V                                     |
| Testbedingung                      | -25°C ~ 85°C (-40°C ~ 125°C)                      |
| Supplier Device-Gehäuse            | 8-SOIC                                            |
| Serie                              | -                                                 |
| Sensortyp                          | Digital, Local                                    |
| Sensing Temperatur - Fernbedienung | -                                                 |
| Sensing Temperatur - Lokal         | -40°C ~ 125°C                                     |
| Lösung                             | 11 b                                              |
| Verpackung                         | Tube                                              |
| Verpackung / Gehäuse               | 8-SOIC (0.154", 3.90mm Width)                     |
| Ausgabetyp                         | I²C/SMBus                                         |
| Betriebstemperatur                 | -55°C ~ 127°C                                     |
| Befestigungsart                    | Surface Mount                                     |
| Eigenschaften                      | One-Shot, Output Switch, Programmable Resolution, |
| Genauigkeit - Höchste (Niedrigste) | ±2°C (±3°C)                                       |
