| Beschreibung                      | IC GATE AND 2CH 2-INP SOT-23-8                     |
| Kategorie                         | Integrierte Schaltungen (ICs) > Logik - Gatter und |
| Teilstatus                        | 2673 pcs Stock                                     |
| Spannungsversorgung               | 4.5 V ~ 5.5 V                                      |
| Supplier Device-Gehäuse           | SOT-23-8                                           |
| Serie                             | 74V                                                |
| Verpackung                        | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse              | SOT-23-8                                           |
| Betriebstemperatur                | -55°C ~ 125°C                                      |
| Anzahl der Eingänge               | 2                                                  |
| Zahl der Schaltkreise             | 2                                                  |
| Befestigungsart                   | Surface Mount                                      |
| Max Propagation Delay @ V, Max CL | 6.5ns @ 5V, 50pF                                   |
| Logiktyp                          | AND Gate                                           |
| Logikpegel - Low                  | 0.8V                                               |
| Logikpegel - Hohe                 | 2V                                                 |
| Eigenschaften                     | -                                                  |
| Strom - Ruhende (Max)             | 1µA                                                |
| Strom - hoch, niedrig             | 8mA, 8mA                                           |
