|------------------------------|-------------------------------------------------------|
| Artikelnummer                | MIC68200-3.3YML-TR                                    |
| Hersteller                   | Micrel / Microchip Technology                         |
| Beschreibung                 | IC REG LDO 3.3V 1A 10MLF                              |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2614 pcs Stock                                        |
| Spannung - Ausgabe           | 3.3V                                                  |
| Spannung - Eingang           | Up to 5.5V                                            |
| Spannung - Aussetz (typisch) | 0.3V @ 2A                                             |
| Supplier Device-Gehäuse      | 10-MLF® (3x3)                                         |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse         | 10-VDFDN Exposed Pad, 10-MLF®                         |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 1A                                                    |
| Strom - Grenze (min)         | 2A                                                    |
