| Artikelnummer                     | PIC32MX130F064B-V/SO                            |
| Hersteller                        | Micrel / Microchip Technology                   |
| Beschreibung                      | IC MCU 32BIT 64KB FLASH 28SOIC                  |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet -   |
| Teilstatus                        | 2549 pcs Stock                                  |
| Spannung - Versorgung (Vcc / Vdd) | 2.3 V ~ 3.6 V                                   |
| Supplier Device-Gehäuse           | 28-SOIC                                         |
| Geschwindigkeit                   | 40MHz                                           |
| Serie                             | Automotive, AEC-Q100, PIC® 32MX                 |
| RAM-Größe                         | 16K x 8                                         |
| Programmspeichertyp               | FLASH                                           |
| Programmspeichergröße             | 64KB (64K x 8)                                  |
| Peripherals                       | Brown-out Detect/Reset, DMA, I²S, POR, PWM, WDT |
| Verpackung                        | Tube                                            |
| Verpackung / Gehäuse              | 28-SOIC (0.295", 7.50mm Width)                  |
| Oszillatortyp                     | Internal                                        |
| Betriebstemperatur                | -40°C ~ 105°C (TA)                              |
| Anzahl der E / A                  | 21                                              |
| EEPROM Größe                      | -                                               |
| Datenwandler                      | A/D 10x10b                                      |
| Kerngröße                         | 32-Bit                                          |
| Core-Prozessor                    | MIPS32® M4K™                                    |
| Connectivity                      | I²C, IrDA, LIN, PMP, SPI, UART/USART            |
